Criminal Background Clearance Process as of January 22, 2015

A student’s background check will be initiated immediately upon enrollment and no later than the first day of class as required by Department of Health Services Aide and Technician Certification Section in State of California. A background deemed to be “clear” is required to remain active in any of the above program. The cost of a criminal background check varies from \$52.00 to \$75.00.

NATPs passage of SB 1384 (Chapter 847, Statutes of 2014), affects individuals who enroll in a NATP regarding the criminal background screening process implemented by the school. This bill removes the requirement that CDPH deny a certified nurse assistant (CNA) training and examination application (CDFH 2838), or revoke or suspend a CNA certificate, resulting from certain convictions.

CDPH evaluates criminal convictions for any offense and either grants or denies criminal record clearance by reviewing evidence of good character and rehabilitation provided by applicants, or information gathered by CDPH in relation to criteria outlined in Health and Safety Code Section 1337.6(c).

For individuals (potential students) who have any convictions, or have questions about their ability to obtain the Live Scan/DOJ background clearance, they can request an "inquiry" with the Department by doing the following:

1. Fill out the top two sections of the CDPH 283B form and sign the applicant signature line. At the top of the form, write the following: "CLEARANCE ONLY WITH LETTER". The school does not fill out any information on the form.
2. Write at the top of the Live Scan form (BCIABO16) CLEARANCE ONLY WITH LETTER", when filling out the form at the Live Scan vendor site.

CDPH will review Live Scan/DOJ results, determine if the individual is "cleared" or not "cleared"; and send the individual a letter, explaining the results.

NATP students who submitted the CDPH 283B application and Live Scan to DOJ and want verbal acknowledgement regarding "clearance", may call the Aide and Technician IVR line at (916) 327-2445 and request information from the ATCS phone representative regarding clearance.

Further questions may be referred to your Training Program Review Unit Representative, or the Professional Certification Branch at cna@cdph.ca.gov or call (916) 327-2445.

QUARTER CREDIT HOUR MEASURE

A Quarter Credit Hour (Unit) equals one or any combination of 15 hours of theory equals 1 (one) quarter unit, 30 hours of lab/demonstration equals 1 quarter unit and 45 hours clinical equals 1 quarter unit. A clock hour is defined as a period of sixty (60) minutes with a minimum of fifty (50) minutes of instruction and 10 minutes allowed for student break. This formula complies with the Federal 34 CFR.

Assume you, upon enrollment in a 160-hour course, pay \$800.00 for tuition fee, \$100.00 for Non-Refundable Registration fee, and \$150 (fair market value) for equipment and withdraw after completing 96 hours (60 %) without returning the equipment you obtained.

$\$900 (\$800 \text{ Tuition Fee} + \$100.00 \text{ Non-Refundable Registration Fee}) \text{ Amount Paid} - \$100.00 \text{ Non-Refundable Registration Fee Retained by the School, Non-refundable } \times (.60) \text{ or } 96 \text{ Hours of Instruction Paid for \& Not Received (Divided by) } 160 \text{ Hours of Instruction for which you have paid} = \$320.00 \text{ Actual Refund Amount.}$

If you return the equipment in good condition within 30 days following withdrawal, School shall refund the charge for the equipment as described above. The actual refund amount would then be $(\$320 + \$150) = \$620.00$ refunded.

For the purpose of determining the amount you owe, you shall be deemed to have withdrawn from the course when any of the following occurs:

- (a) You notify School of your withdrawal or the actual date of withdrawal;
- (b) School terminates your enrollment;
- (c) You fail to attend classes for a 12 days period for CNA Day Class; 15 school days for Evening and Saturday program.
- (d) You fail to return from a leave of absence. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.

If any portion of your tuition was paid from loan proceeds, the refund will be sent to the lender or agency that guaranteed the loan. Any remaining refund amount will first be used to repay any student financial aid programs from which you received benefits, to the extent of benefits received. Any remaining amount will be paid to you.

However, the school will do its best to maintain a moderate/average temperature throughout all areas of instruction and administration. It is recommended that students bring a sweater to class, if necessary.

ATTENDANCE AND ACADEMIC POLICIES

ATTENDANCE POLICY:

It is important that the school have a record of attendance for each student. It is your responsibility to sign the sign in sheet daily, located in your classroom.

Regular class attendance is necessary, no cutting classes and be recorded as absence. There are no excused absences in any program, only for medical illness and must submit a doctor's document.

Specific hours of attendance are part of graduation requirements. Failure to meet the required hours of training will result in denial of graduation status.

Students are expected to be on time to class every day and complete the required work to the best of their ability, as they would on the job. ATTENDANCE AND A POSITIVE WORK ATTITUDE HAVE A GREAT DEAL TO DO WITH SUCCESS AND EMPLOYMENT.

When students must be absent from class, just as employees are expected to do so on a job, the student should call the school prior to the start of class, noting the class they are in, an explanation of why they will not be in class that day, and when can we expect their return.

Re-occurring absences could result in disciplinary action, just as it would on a job. It may also lead to dismissal. Students must maintain a 75% attendance performance or better (Maximum program length) in order to be considered doing "Satisfactory Attendance Progress" and/or to prevent their training from possibly being interrupted. Remember, POOR ATTENDANCE IS NOT A GOOD HABIT TO HAVE AND CERTAINLY ONE WHICH AN EMPLOYER WILL NOT ACCEPT.

Grades alone are not enough to secure a good job in the industry. Due to the nature and scope of the training, the school alone does not differentiate between an excused and a non-excused absence in computing the maximum number of allowable absences. Unsatisfactory attendance occurs when a student misses more than 30% of the maximum time frame of the program.

Unsatisfactory attendance may lead to Probation status until the student has brought his/her attendance and or academic grade point average to the 75%. This would include any make-up hours and or make up assignments and any test.

EXCUSED ABSENCES:

Excused absences are not automatic; your instructor monitors and provides all attendance to the Student Services Department. Vacations are not considered excused. The school will not tolerate abuse with this policy. It is implemented for those students who have unusual or unforeseen problems. However, you must still maintain the minimum cumulative grade point average. Program Director will arrange for make-up day

for the excused absence by setting another clinical day, or use of case study.

TARDINESS:

The institution places upon its students the same demands that an employer will place upon them as employees. Students are expected to be on time for each class session. A student is considered tardy for class if he/she ARRIVES LATER THAN 15 MINUTES AFTER THE SCHEDULED START OF CLASS. A tardy student will be marked daily as being tardy. Any combination of three (3) documented (unexcused) tardy will be considered as one (1) absence.

LEAVING EARLY:

The institution places upon its students the same demands that an employer will place upon them as employees. Students are expected to remain in class for the entire session. A student is considered leaving early from class if he/she LEAVES EARLIER THAN 15 MINUTES PRIOR TO THE CLOSE OF CLASS. The Instructor should be notified prior to being dismissed early from class. A student leaving early from class will be marked daily as leaving early. Any combination of three (3) documented early (unexcused) departures will be considered as one (1) absence.

MAKE-UP TIME / WORK ACCOUNTABILITY:

A student is responsible for all work assigned and missed during absence. Make-up time/work must schedule with your instructor to assure proper credit. Students must make up time/ work for proper credit towards graduation. Make-up Lecture classroom time must be completed on the school premises, and/or missed Clinical rotation in the clinical facility. Make-up assignments and/or test will be given for those who need to make up for academic grade / semester credit hours. All make-up hours must be accounted for and signed on a missed day make-up sheet also signed by the Instructor

LEAVE of ABSENCE POLICY:

If a "Leave of Absence" is required, a student must submit in writing to the Student Service Department, the basis of the request, expected return date and the initial date of request with the student's signature. This does not automatically reflect the school's approval. A Leave of Absence may be limited to a specified amount of days (NOT TO EXCEED 180 DAYS). Only one (1) Leave of Absence will be granted for a student during any 6-month enrollment period. If the student's leave of absence is NOT approved, the student will be considered to have withdrawn from the school.

If the Leave of Absence is approved, the student may return prior to or at the end of the Leave of Absence and resume training without paying any additional tuition. Students requesting Leave of Absences must understand that must notify the admission department their intent to return from LOA at least four (4) weeks prior to returning date. A revised course completion date will be established, which will delay their graduation date. Remember, A LEAVE OF ABSENCE DELAYS YOUR OPPORTUNITY TO BEGIN YOUR NEW CAREER.

NOTE: At no time can the school back date a leave of absence. Therefore, it is important that you have a leave of absence prior to any absent days. Time taken on a leave of absence does not count in the satisfactory academic and attendance formula. FAILURE TO RETURN FROM LOA ON OR BEFORE THE DATE INDICATED WILL REVOKE THE CANCELLATION/REFUND POLICY.

MAXIMUM TIME FRAME for COURSE COMPLETION:

A student must satisfactorily complete his/her program of training within a maximum time frame, defined as one and one-half times the regular scheduled program length, as illustrated below. Leave of Absences, holidays, excused non-attendance, winter break, in-service days, if the school closed due to extenuating circumstances and terminations are not computed in the maximum time frame. If the student does not complete his/her program of study within the maximum time frame, the student must be dropped from their training program.

Maximum Time Frames Allowed:

Program(s):	Session	Length	Maximum Time Frame
Home Health Aide	Day / Eve	1-2 weeks	1-2 weeks to complete
Certified Nurse Assistant	Day / Eve	4-6 weeks	4-6 weeks to complete
